From Oxford University Press : Oxford Textbook of Medical Education providing a comprehensive and evidence based reference guide for those who have a strong and scholarly interest in medical education the oxford textbook of medical providing a comprehensive and evidence based reference guide for those who have a strong and scholarly interest in medical education the oxford textbook of medical Oxford Textbook of Medical Education:

0 of 0 review helpful Five Stars By Alice It s a good book Providing a comprehensive and evidence based reference guide for those who have a strong and scholarly interest in medical education the Oxford Textbook of Medical Education contains everything the medical educator needs to know in order to deliver the knowledge skills and behaviour that doctors need The book explicitly states what constitutes best practice and gives an account of the

evidence base that corroborates this Describing the theoretical e This then is the book for the modern clinical teacher It is a comprehensive and evidence based guide to all those who have a role or an interest in the training and education of doctors And unlike many other textbooks in the field it covers the educationa
