5 of 5 review helpful Compulsory Reading For Those Seeking To Understands The Mind Of Doctors By ZyPhReX
There are doctors that follow the tune that the Medical Industrial Complex plays and there are ones who buck the trend
Dr Groopman is one of the latter thankfully In How Doctors Think The New Yorker staff writer and Harvard professor
of medicine researcher Dr Groopman offers a distinctive look into t On average a physician will interrupt a patient
describing her symptoms within eighteen seconds In that short time many doctors decide on the likely diagnosis and
best treatment Often decisions made this way are correct but at crucial moments they can also be wrong with
catastrophic consequences In this myth shattering book Jerome Groopman pinpoints the forces and thought processes
behind the decisions doctors make Groopman explores why doctors err and s From Publishers Weekly Drawing on
both personal experience and extensive field research Dr Groopman sheds light on the faulty decision making that
leads otherwise competent physicians down the wrong path in diagnosing and treating their patients Groopman stre
