california school of medicine Practical Plastic Surgery for Nonsurgeons:

0 of 0 review helpful Works as advertised By Glen P Works as advertised 0 of 0 review helpful Great book poor printing on illustrations By Madelena de Medeiros Awesome little book I want to give it 5 stars because it is so great But sadly the print job on the photos and the illustrations is so faded that half of the illustrations are useless and therefor This manual is a quick and handy reference of practical plastic surgical tips and techniques for medical professionals without advanced surgical training Practitioners in a variety of settings will find useful information on effective treatment for commonly encountered injuries and problems to optimize patient outcomes About the Author Dr Semer is an experienced plastic and reconstructive surgeon in Los Angeles She has volunteered her skills performing reconstructive surgery and teaching reconstructive surgery techniques in rural Africa
