Jensen, Robin Ann Harvan : Leadership In Interprofessional Health Education And Practice** inventory of quantitative tools measuring interprofessional education and collaborative practice outcomes 2 acknowledgements thisreportwascompiledandwrittenbythe this program is designed for executive leaders in nursing education and practice who have held their positions for more than five years and wish to be re energized Leadership In Interprofessional Health Education And Practice:

The changing landscape of health care continues to grow more diverse. As young health professionals move into clinical practice and face challenging health demands and increasing health care costs, they must be prepared to work in interprofessional teams despite a lack of experience in team-based skills. Interprofessional Healthcare Education and Practice for Rural and Underserved Populations represents a collective response to this problem from educators and clinicians.
