### By Cheryl DeConde Johnson, Peggy V. Benson, Jane Seaton : Educational Audiology Handbook: CD-ROM

adapting the school environment to support the learner with hearing loss listening and learning in the classroom can be very challenging for students with hearing loss examples of materials that can be adapted for therapy a collection of resources by judith maginnis kuster the following is one section of judith kusters net Educational Audiology Handbook: CD-ROM:

1 of 1 review helpful decent content lousy cover By K Chipman I needed this book for a college class and bought it from since my college bookstore was out It is a bit dated and I hear that the new edition will be coming soon but the material is good I especially like having the pediatric word lists in the indexes so I can use them for MLV testing right away I did not buy the supplemental disc because everything Software contains most of the forms form letters parent handouts instruction sheets and protocols allowing clinicians and students to customize them or download for immediate use I have been surveying my students regarding this book The general consensus is that the book is very functional and the appendices are very useful There is usually concern regarding the cost at the beginning of the semester but most students report they kee
