0 of 0 review helpful GREAT TEXT By nwani sandra This book is a detailed note of medical school course work and required knowledge I highly recommend this for any IMGs that has enough time to study for CK it has most of the

necessary information I use most cos I am yet to finish this book Worth my time and money I believe with this book and a good pathology and pathophysiology background all u need will be questions NMS Pediatrics Fifth Edition is the ideal reference and review for medical students in the pediatrics clerkship The concise outline format coverage of essentials and end of chapter USMLE style questions offer excellent preparation for the shelf end of rotation exam and USMLE This thoroughly updated edition focuses on areas emphasized in the most current Council on Medical Student Education in Pediatrics COMSEP curriculum The revised questions
