From Lippincott Williams & Wilkins : Essentials for the Canadian Medical Licensing Exam: Review and Prep for MCCQE Part I (Pt. 1) Essentials for the Canadian Medical Licensing Exam: Review and Prep for MCCQE Part I (Pt. 1):

0 of 0 review helpful One of the best Canadian Board Prep books I have ever USED By Customer Tons on info in this book The best part are the charts and algorithms It really helps consolidate the information you already know Some parts can be a little difficult to read due to the print size but overall you can get the main gist from the tables and charts

That by far makes this book worth it I used this to prep for the This text reviews key concepts necessary for Canadian medical students and international medical graduates preparing to write the Medical Council of Canada Qualifying Exam MCCQE Part 1 The authors have used the MCCQE Examination Objectives as guidelines for developing the text The book is divided into sections based on medical specialty with vocabulary appropriate for physicians in training Each chapter focuses on common clinical presentations found on the MCCQ
