From Brand: Jossey-Bass : Derryberry's Educating for Health: A Foundation for Contemporary Health Education Practice Derryberry's Educating for Health: A Foundation for Contemporary Health Education Practice:

Derryberry's Educating for Health includes the complete original text of his classic book with new chapters by current experts and teachers in the field of health education and promotion. The book is organized into six sections: Linking Statistical Methods to Health Education, Education As a Challenge to All Health Professions, Establishing the Parameters of Health Education, Community Health Education, Influencing the International Health Field, and Research in P. Derryberry's Educating for Health is a treat for health education scholars and practitioners alike. Meredith Minkler, professor of health and social behavior, University of California Berkeley, connects the reader to the past. Dr. D.
