0 of 0 review helpful I strongly recommend By Young Mee Lee Very helpful to grasp the educational theories related with medical education I strongly recommend it Medical Education Theory and Practice is a new text linking the theory and the practice for graduate students and educators who want to go beyond the basics The scholarship of

medical education is above all a 'practice' but one that has a strong theoretical foundation. Neither theory nor practice stand still and both are grounded in research. The novelty of this book lies in its interweaving of practice, theory, innovation and research. The b
