Complications: A Surgeon's Notes on an Imperfect Science:

0 of 0 review helpful The rare intersection of a man of action a surgeon and a man of words an author By Leib Gershon Mitchell People usually are either one of these things or the other and it s not so often that we find someone who can both do things AND write and so expose us to a world that we might not have seen otherwise What of this book 1 It is written in three sections a Fall A brilliant and courageous doctor reveals in gripping accounts of true cases the power and limits of modern medicine Sometimes in medicine the only way to know what is truly going on in a patient is to operate to look inside with one s own eyes This book is exploratory surgery on medicine itself laying bare a science not in its idealized form but as it actually is complicated perplexing and profoundly human Atul Gawande offers an unflin com Gently dismantling the myth of medical infallibility Dr Atul Gawande s Complications A Surgeon s Notes on an Imperfect Science is essential reading for anyone involved in medicine on either end of the stethoscope Medical professionals make mis
