Guide To Wilderness First Aid:

1 of 1 review helpful A Valuable Resource By MolonLabeJax This is a great reference book It s easy to read and the scenarios provided at the start of each chapter are good There were several points where iodine and triple antibiotic were referenced It should be pointed out that some people have allergies to both and alternatives may be considered I found myself adding a number of bookmarks throughout my readi The Comprehensive Guide to Wilderness First Aid provides both basic and in depth information on how to recognize treat and manage common injuries and illnesses when professional emergency medical care is an hour away or more This comprehensive guide will teach you what to look for what to do in the event of an emergency and direct you to the most appropriate type of care This book is great for anyone who works travels or plays in the great outdoors and is highly r
