**By Janice A Maville, Carolina G Huerta : Health Promotion in Nursing (Book Only)** get the latest health news diet and fitness information medical research health care trends and health issues that affect you and your family on abcnews psychiatric nursing or mental health nursing is the appointed position of a nursing that has specialized in mental health and cares for people of all ages with mental Health Promotion in Nursing (Book Only):

1 of 1 review helpful the biggest bore By Savannah Hulsopple This book as a nursing student I was required to buy I am halfway through reading it and I can say honestly it is quite boring It covers many topics in very vague ways and very briefly spending a quarter of a page before switchign topics completely At the end are minimal questions to test comprehension but some of the questions are not covered well in t HEALTH PROMOTION IN NURSING 3E takes

readers through a holistic approach of health and wellness that examines healthy lifestyles from a biological psychological social and environmental perspective Beginning with an overview of health promotion concepts and nursing theories the book then delves into issues of nutrition physical fitness weight control avoiding substance abuse and pre natal care The Third Edition also covers new issues relating to technology as About the Author Janice A Maville EdD MSN RN Professor The University of Texas Pan American UTPA 1201 West University Dr Edinburg Texas 78539 Teach master iquest s level nursing courses including Advanced Health Assessment Health Promotion Research
