**By Allan D. Peterkin : Portfolio to Go: 1000+ Reflective Writing Prompts and Provocations for Clinical Learners** Portfolio to Go: 1000+ Reflective Writing Prompts and Provocations for Clinical Learners:

Preparing a learning portfolio has become a mandatory part of the course work in most clinical professions. Students and educators alike sometimes complain that these mandatory assignments become repetitive and uninspired. However, we all need to be able to speak and write clearly as we work with our colleagues, students, and those we care for. In *Portfolio To Go*, Allan D. Peterkin insists that reflective capacity, critical thinking, and creative expression are essential. *Portfolio to Go* contains a compilation of prompts that are excellent, provocative, and stimulating. Grouping them with CanMEDS roles is really useful for physicians and a wonderful idea. Sheila Pinchin, Educational Developer, Office of Health Sciences.
