2 of 2 review helpful It s a book as advertised This an extremely detailed By travelbug555 It s a book as advertised This an extremely detailed and in depth book Definitely for use as a reference text I wish I had more time to read it but

being in PA school doesn't allow for much of anything besides reading everything else 6 of 6 review helpful It has been the textbook for the 2nd Students residents and instructors swear by Andreoli and Carpenter's Cecil Essentials of Medicine because it presents just the right amount of information just the right way This updated edition has been revised to provide the most current easy to digest review of internal medicine Comprehensive yet concise it focuses on the high yield core knowledge important to those established in or just entering the field Excellent images This remains one of the easier to read comprehensive books on the body of medical evidence and knowledge available today The graphics are superb and intuitive It remains a major pillar of every medical library Vincent F Carr DO MSA FACC FACP
