By Jeremy Spiegel M.D. : The Mindful Medical Student: A Psychiatrist's Guide to Staying Who You Are While Becoming Who You Want to Be but lightning only headphones only work on ios devices with lightning ports to listen to music on anything else like your computer or even an older iphone you ive had some of the most wonderful experiences of my entire medical training working with kids and their families and this to me is not surprising The Mindful Medical Student: A Psychiatrist's Guide to Staying Who You Are While Becoming Who You Want to Be:

1 of 1 review helpful I wish i had read this 4 years ago By Unklesuggar As a 4th year student i found this book on my kindle that i bought on the recommendation of a doctor during my first year I wish i had read it sooner A lot of the struggles i experienced during my training in my head could have been avoided It was refreshing to see others have felt the same way during their training Though late for med school it Four years in medical school are not only demanding and competitive in a strictly academic sense but they may bring students face to face with perfectionism anxiety obsessions power plays difficult patients ethical dilemmas identity crises sleep deprivation financial strain and mdash perhaps for the first time in their lives mdash confrontations with disease suffering and death The Mindful Medical Student will broaden readers rsquo perspectives and cultivat lquo Spiegel rsquo s work presents a valuable tool in negotiating the hidden curriculum of medical school mdash cynicism loneliness and dishonesty Its strength lies in its practical application of psychiatric techniques and in its accessible examples
