2 of 2 review helpful Good basic review By edit g Good basic review for your reference but consider using other resources as some of the fine details are missing from this book 3 of 3 review helpful One of the best Board reviews

By Customer I like the bulleted style It is a good read It is very hard to read due to the non narrative style Good for Board review 0 Praise for this book This is a fantastic board review book that more than satisfactorily covers the material that is tested on the ABPN exam Though not everyone has the same learning style or approach to board study few will disagree that this is a well written and memorable review book It is thorough and concise and the font and choice of colors is easy on the eyes mdash Doody s Review From the Back Cover Praise for this book This is a fantastic board review book that more than satisfactorily covers the material that is tested on the ABPN exam Though not everyone has the same learning style or approach to board study few will disagree th
