Step 1 (USMLE Prep):

101 of 101 review helpful Should you do it By Alex I've been wanting to write this review for a while After taking the
step 1 already a few months ago I feel now is a good time to write this and give my take on the book If you're like me

at all you've probably seen this book was intriguing and now on the fence as to which book this or FA is going to be your backbone for your step 1 prep. If you are like me, you have Kaplan Medical's *medEssentials for the USMLE Step 1*. It is an all-in-one reference book for first and second-year medical students to supplement medical school curriculum. Students can also use this comprehensive guide to study for the USMLE Step 1. With an A rating from First Aid's Step 1 resource reviewers, *medEssentials for the USMLE Step 1* integrates important information across various disciplines in one manual structured by organ system. About the Author: Kaplan Medical, the leader in health sciences test preparation, offers a wide range of options for USMLE preparation, including live lectures, video lectures, books, and online products. All courses and products are focused on providing t
