**From Demos Medical : Physical Medicine and Rehabilitation Q&A Review** original article physical exertion as a trigger of acute myocardial infarction stefan n willich michael lewis hannelore lowel hans richard arntz frauke special article medical aspects of the persistent vegetative state the multi society task force on pvs n engl j med 1994; 3301499 1508 may 26 1994 doi 101056 Physical Medicine and Rehabilitation Q&A Review:

8 of 8 review helpful GREAT HELP FOR MOC EXAM By Doctor C This book was a great companion to the

Cuccurillo Review Book It was extremely helpful in preparing for the MOC exam While I found to Cuccurillo book to be very helpful as a review book this book was in many ways more helpful because it helped me identify areas where I still had knowledge gaps I did rent the book which helped to keep the cost down In addi Physical Medicine and Rehabilitation Q A Review is a comprehensive active self assessment tool for medical students residents and junior attending physicians in physical medicine and rehabilitation The first question and answer review book in this field it will help professionals quickly and efficiently review specific topics in PM R The book covers in detail the entire field of physical medicine and rehabilitation with more than 1 500 multiple choice qu About the Author Lyn D Weiss MD Chairman and Program Director Department of PM R Nassau University Medical Center East Meadow NY Harry J Lenaburg MD Department of PM R Nassau University Medical Center East Meadow NY Jay M Weis
